

**COOLIDGE CHAMBER OF COMMERCE** is pleased to announce a new employee program that may provide savings on your current or future prescription drug purchases. The Walgreens Prescription Value Card Program provides discounts on all FDA-approved generic and brand-name medications – **discounts that average 35%** and can be as high as 85% on some medications.

All COOLIDGE CHAMBER OF COMMERCE employees of the members are eligible to participate in this program. Simply visit [www.walgreenshealth.com/pvcenroll](http://www.walgreenshealth.com/pvcenroll) and fill out the information to receive two personalized Walgreens Prescription Value Cards...one for you, one for your dependents. Show the card when you fill your prescriptions, and the discount will be reflected in the total cost.

Consider a few questions and responses...

**Q: What does participation in this program cost me?**

A: There is no cost to participate

**Q: Can I use this card in addition to my existing coverage?**

A: In most cases, existing insurance benefits (such as American Worker, Medicaid, CHIPs) will provide greater savings on your prescriptions, however, if you have no coverage now, this is a perfect cost-savings opportunity.

**Q: Do I have to get my prescriptions filled only at Walgreens?**

A: No. Walgreens has partnered with such companies as Walmart, CVS, Rite Aid, Krogers, Giant Eagle, Publix, Safeway, Kmart and Target. As long as your pharmacy is within the Walgreens network, this card can be used.

**Q: Can my family use the card as well?**

A: Yes. You will receive two cards, one for you and one for your dependents. When a family member uses the card for the first time, they will be entered into the program's database.

**Q: How can I participate in the program?**

A: Complete the information below, and give the form to your manager. The Manager will then send the forms over to HR – and I will send them to Walgreens. It is that simple!
